Western County Carried Off Flag in Congressional Election

POLITICAL EVENT

Will Be the Presentation at Garden City

The Edwards "Flag" goes to Finney ounty. This has been definitely settled and when the flag is finished the probability is that its presentation at Garden City will be made a political event the biggest in the history of the short grass country. Already men eminent in state politics are writing to friends in the Seventh district urging that when the flag is presented it should be the occasion for a monster political raily and picnic for the peosuggesting that Governor Bailey, Senators Long and Burton and all the Kansas congressmen should be there and some have gone so far as to suggest that Sen-ator Beveridge of Indiana make the principal speech. Senator Beveridge was, at one time, a citizen of the "short grass" country, having practiced law at Dighton. and it would be eminently fitting to have him at Garden City during the proposed presentation festivities.

The history of the Edwards flag is an interesting one. On the evening of the ratification of Victor Murdock's nomination announced that he would give a silk flag to cost not less than \$100, to the county in the district that would show the largest percentage of increase at the coming special election for congressman. Mr. Edwards' popularity in the district and state, his great loyalty to his friends, and his extraordinary activity in Republican politics, with no personal interests to be ad- the price. Young men and bicycles should keep their weather eye out for men wearing citizens clothes but with a brass star displayed prominently on their breasts, for there is trouble in the air and many caught a whiff yesterday when nine men were caught riding on the sidewalk and their wheels taken for their appearance for congress, at the Auditorium in this in police court where each was taxed city, ex-Secretary of Stte W.
